Dear Jason,

Thank you for your generous gift to Cure SMA. Because of your support, we now have multiple SMA treatments available that are creating new outcomes and changing the course of SMA. We are building on the momentum as we work to ensure rapid access to approved treatments and invest in research and therapies that will address all ages, types, and stages of SMA.

As the landscape changes, care and support become even more important. Our new SMA Care Center Network is creating solutions in local communities by developing an evidence-based standard of care for SMA and training more healthcare professionals to provide excellent care. At the same time, your support funds all our continuing support programs that improve the quality of life for all people affected by SMA.

Did you know that your employer can help us double your contribution? Many companies will match charitable donations made by their employees. [Click here](#) to see if your employer will **match your donation**. It only takes 2 minutes and it can help you double the impact you have in the SMA community!

Thank you again for your generous support. We look forward to keeping you updated over the coming year about our progress.

Sincerely,

Kenneth Hobby, President
